Duel of tag-teams (contest)

Following the successful duel of Czechoslovak tale characters/beings — there comes another series of this popular internet game organised in the social networks. This time, the contestants are "pairs" (tag teams) of Czechoslovak sandman (bedtime) stories. The principle of this game (contest) is pretty simple. In total we created 16 pairs of sandman heroes. Each week, those tag-teams meet in an online-contest and people will decide the winner of the current round by voting. Finally, there will remain only one pair left — becoming the most popular animated duo of Czechoslovak sandman-stories.

Online: Facebook, Instagram

When: from June 2022 (15 weeks)

Animation search (contest)

New online contest testing not just your quick vision, but also the knowledge of animated movie enthusiasts! Each week you get the chance of participating in searches for animated movies. Will you find all animated movies hidden within the pictures?

WORKSHOPS OF ANIMATION

During the BAB-festival, a part of the BIBIANA's premises turn into an "animated movies studio". Led by experienced lecturers, the kids can create animated movies. If you'd like to register for those workshops along with your class — write us to info@festivalbab.sk.

(For kids from the age of 8)

"PREŠPOROK"-STORIES

Prešporok-stories? But the era of "Prešporok", passed long ago... But actually, it was not that long ago! Prešporok is the old name of this country's capital Bratislava. As every good interesting city, also this one holds numerous mysterious stories along with ancient legends. And - why not! If the king is foolish, the municipal-treasury is empty and the Turks are getting closer to the borders — it is necessary that ordinary people from Prešporok (Bratislava) actually saved the city. What can we do with a ghost haunting at the castle? How to defeat the Turkish army? All it takes are some "pieces" of audacity and bravery and last but not least — good heart and a well baked, fragrant Bratislavean croissant. Come and try it with us! Support by the "Literárny fond" from public funds.

Theme and script – Š. P. Králik, A. Králiková; director – M. Kecskéssová; stage and puppets – R. Baňacká and the ŠiBe-team; music – M. Klas; performers – A. Králiková, Š.P. Králik, A. Záhorec/ M. Klas

(For kids from the age of 5)

ROCKING WITCHES, ROCKING ON THE BROOM

This workshop will put to the test skilful hands, as well as smart tongues. Here you will cut, draw, paint and even assemble. With the incoming autumn, comes also the magical and colourful period of witches, ghosts and sorcery. Your guide in this workshop will be the illustrator-lady Hedviga M. Gutierrez, who also illustrated the book by Jozef Moravčík Jakubovec with "Rocking witches", issued by the publisher Albatros Media.

The result will be an original illustration coming to life right under your hand, waving or even dancing on the table.

(For kids from the age of 6)

FUNNY LETTERS

This letter-workshop will show the kids in a playful way, how to create a letter from a picture or a "pic" from a letter. So as each and every word hides numerous pictures — the picture of a letter can be expressive and meaningful as well. Maybe it hides a story, or plenty of colours and maybe there comes a "D" ... as "Dinosaur" ... sliding down right to the paper.

READINGS FROM THE PROJECTOR

They are indeed everywhere, so I tell you:

From the cellars up to the attic!

The whole house will not suffice them.

Meet the... BOGY-MEN!

This is a captivating and playful scenic reading from a children-book rendered by students of the VŠMU (Academy of Music and Drama) within the exhibition MOST BEAUTIFUL BOOKS OF SLOVAKIA 2021.

Performers – E. Kováčová und M. Cingelová

(For kids from the age of 5)

ANIMAL-MAGIC

Through their fantasy, the children will create their very own "atlas" of remarkable creatures. Along with the illustrator Hedviga Gutierrez, we will discuss cooperation, its dynamics with the "book-space" as well as the way of applying a paste-up into mock-up book.

(For kids from the age of 7)

TRESKY PLESKY - Slashes and bangs

Set out for an adventurous journey in the foot-steps of the reporter Kata Strofová at the exhibition Tresky plesky (Slashes and bangs). Explore natural phenomena as e.g. a volcano, lightning, tsunami or an avalanche. Meet monkeys as well as a huge whale or come for some skiing with us in the city centre of Bratislava.

This exhibition is based on the well-known Slovak cartoon-series Tresky Plesky. The visitors will get the feeling of entering a unique fantasy-world of natural phenomena — experiencing the adventures of the individual parts in the most realistic way.

This event also introduces some animals from the series along with their "problems" in a 3D-form. The kids may hoot on an elephant-trunk, they can walk in „horse-shoes“ as a foal, collect bread-sticks with a crocodile mouth, sit on looooooong dachshund-shaped bench, they will experience a zebra with entangles stripes, a peacock loving theatre, they will perform like an octopus needing help with baking and like ants carrying leaves into their anthill.

CREAKS – ART IN GAME

Computer gamers will be definitely pleased by the Creaks-exhibition. This modern exhibition is dedicated to the cartoon-focused Amanita Design graphics studio (this workshop produced such plays as Samorost (Root-Wood-Sculpture), Rocketman, Machinárium or Botanicula) and their new adventure game called Creaks. Through the work of the visual artist Radim Jurda and the game-developer Jan Chlup - the kids will see with their very own eyes, how the hand-drawn and hand-painted video-game Creaks gradually came into existence. They will see the original sketches from its early development stages, paintings and drawings later appearing in the game (in their digitally edited form), or also materials, which did not make it to the game. In this exhibition, the visitors can even play that game and compare the appearance of the final digital version with the hand-made originals.
