DUEL OF FIGURES (competition)

Online - Facebook, Instagram

This playful duel between Czecho-Slovak figures is the first series of our internet game run on our social networks. Apart from the obligatory fun and entertainment, the game offers also the opportunity to delve in memories of all the iconic classical animated characters from our childhood — and the younger-ones can learn in this way that something like this existed at all. The principle of this game is very simple. We fielded 8 pairs of animated heroes and the participants will choose one winner each week.

At the end of this competition will be only one winner left = the most favourite

Czecho-Slovak animated fairy-tale figure.

When: From the end of January 2022 – lasting 15 weeks

EXHIBITIONS AT BIBIANA

IN THE GINGER-BREAD LAND /online at www.bibiana.sk

In this interactive exhibition, the visitors learn a lot of new from the history of gingerbreads, as well as many exotic spices used in the process of their baking. Subsequently, the kinds

may try to recognise them just by their noses. The kids get to the magic gingerbread-land through the comics "Tale of the little gingerbread-youngling", which has not seen any Christmas so far. The "Vanilla-Fairy" would gladly tell it the Christmas-story, but for doing so — she needs the jingling of a real bell and the bells made of gingerbread simply cannot jingle at all. So the little gingerbread-youngling and the Fairy set out to the big-big World to find the real jingle. They travel the ocean and the space, finally reaching the world of faulty and imperfect gingerbreads. Though not being perfect, they do still belong to this tale. Whether they finally succeed to find the jingle sound — the kids will learn in this very Christmas exhibition.

The real ginger-breads for the exhibition were baked by gingerbread-aunties from the Slovak Union of Cooks and Pastry-Makers (*Slovenský zväz kuchárov a cukrárov*).

Theme and creative-/space-design – S. Sadílková; Script – M. Madejová; Dramaturgy – V. Marákyová

When: 3/12/2021 – 13/3/2022

FROM ONE TOY TO ANOTHER

A well designed and manufactured toy supports and even develops the sense of beauty, purposefulness and empathy in us. Our exhibition starts with a re-paint of a painting by Pieter Brueghel, on which the kids can look for games that are still played today. Further they find here replicas of historic toys made according to archaeological findings, the iconic technical construction toy named "Merkur", (screws and perforated sheet-metal parts), which gets manufactured since 1920 a city from a big and colourful kit, a tiny house for the dolls and a Teddy-bear, but also plastic-toys from the last century by the famous designer Libuša Niklová. They will learn to know toys designed by our contemporary designers and they can even invent and design their very own toy.

This interactive toy-focused exhibition is BIBIANA's contribution to the Year of Slovak Design, which was proclaimed by the Culture Ministry of the Slovak Republic.

PLAYFUL HEAD

We got inspired for this exhibition by the beautiful book by the Czech authors David Böhm and Ondřej Buddeus: *Hlava v hlavě* (A head in(side) the head). The exhibition is virtually packed with interactive elements about this most important part of the human body - the head. You will learn here not only how different artists depicted it, how it is called by different people, how an idea arises in the head and how much the human brain weighs, but also what wrinkles are, what we have senses for, as well as why our eyes do not grow. You can even learn to draw a head here. So... explore and have fun!

Theme and script – K. Kosánová; artistic & spatial solution – B. Peuch;

Dramaturgy – V. Marákyová

When: 18/2/2022 – 18/9/2022

The exhibition includes accompanying events, book presentations, public readings by the authors, workshops or performances of classical chamber-music.
