BIBIANA joins the worldwide library event A Night with Andersen, using fairy tales to promote reading among young people and children. The 24th annual event will introduce you to the fairy tale The Snow Queen, first published in 1844. The event will include a reading marathon, a display of special editions of Andersen's books from all over the world, and offer an opportunity to create illustrations for The Snow Queen tale and teach you about the mysteries of the Andersen statute found at Hviezdoslavovo Square in Bratislava.

## COLOURFUL WORLD OF DANIELA OLEJNÍKOVÁ

Have you ever noticed that the countryside can experience different moods? Tune into them with illustrator Daniela Olejníková. Using a collage of colourful patterned paper and foils, we will create mountains, valleys, and islands – just like those you might have seen somewhere, but also those that live in your fantasy.

Under the guidance of D. Olejníková

(For children 6 and older)

## LAND OF COLOURS

Can you imagine being in a land where everything is the same colour? You don't have to imagine anymore; you can now experience it! During our theatre workshop, we will be your guide in the land of four colours, where you can experience anything. We will explore the world of shadow theatre and discover the many opportunities it offers. You can let your imagination run wild and visit places you have never dreamt of. Under the guidance of P. Stehelová, V. Trokšiarová, N. Kozáková  
(For elementary and middle schoolers aged 6 – 14)

## BLACK AND WHITE WORLD

Can you imagine a world without colours? A world in black and white only? Let's try to draw the world around us using only black and white, using the works of Victor Vasarely and Sam Cox, also known as Mr. Doodle, as inspiration. The goal is to experiment with various lines, shapes, and structures and create your own black-and-white world of illusion. Under the guidance of A. Frajková, N. Kozáková, M. Pavlikánová  
(For elementary and middle schoolers aged 6 – 14)

## BLACK AND WHITE WORLD – BLIND DRAWING

Can you imagine a world without colours? A world in black and white only? Let's try to recreate it using the technique of blind drawing. This unique technique allows the children to express their memories. It also encourages creativity and expression without the visual aspect, enabling them to express their feelings and experiences through touch.

Under the guidance of A. Frajková, N. Kozáková, M. Pavlikánová  
(For elementary and middle schoolers aged 9 – 14)

## MIMICRY

Are colours important in life? Can we use colours to disguise and hide ourselves? Together, we will learn about the captivating world of colours and their meanings in nature, where some creatures disguise themselves or hide with the help of colours. This resemblance is called mimicry. You will discover how some animals use colours to survive, and we will learn why mimicry is essential.

Under the guidance of A. Frajková, A. Balogh, M. Pavlikánová  
(For pre-schoolers, elementary and middle schoolers aged 5 – 12)
